

ASSISTANT FOREST ENGINEER

Meridian Forest Services Limited has an opportunity for an **Assistant Forest Engineer**.

Meridian is an innovative natural resource management consulting company based on Vancouver Island, British Columbia with offices in Coombs and Port Alberni. Our team provides clients with safe, quality, and efficient professional services for the Private and Crown sectors of British Columbia's forest industry. We have a varied client base and a great work environment in which to improve skills and progress in your career. Meridian offers competitive salaries, a benefit package, and reimbursement of professional dues.

Roles and Responsibilities

The successful candidate must be a team player who is focused on personal safety, quality, and achieving productivity targets. You will be part of a team working with a Senior Forest Engineer from the total chance planning phase through to final block layout and design for all coastal harvest systems.

Eligibility Requirements

Applicants interested in the **Assistant Forest Engineer** position must be able to demonstrate the following criteria:

- Successful completion of post-secondary education from an accredited College or University with a degree or diploma in the field of Forestry or significant directly related experience.
- Active members of the ABCFP (preferred) or be eligible for registration with the ABCFP.
- Must demonstrate a minimum of **two** years BC Coastal forest industry engineering experience.
- Must have experience with Trimble GPS, Roadeng and ArcMap software.
- Possess a valid BC driver's license.

If you have a great work ethic and are interested in working with a dynamic group of people, then Meridian is for you. Interested applicants should submit a cover letter and resume in confidence to info@meridianforest.ca Only those applicants selected for an interview will be contacted. Thank you for expressing an interest in Meridian Forest Services Limited.
